Abandoned Pets: I understand full payment is required when pets are released. If a pet is not picked up within 10 days of the scheduled release date, or we are not notified within the same time period, the pet/s may be considered abandoned and the owner is authorized to notify us of your decision of what to do with the pet. Upon abandonment, the owner continues to be responsible for all costs incurred during the entire boarding time period. A substantial deposit, or full payment may be requested on extended stays or for new clients. In the event of unanticipated extensions for boarding, payment must be brought current, through the period of extension. Verbal assurance from the responsible party, regarding payment, may, at Miami Valley Animal Hospital, Inc. discretion, delay disposition of the abandoned animal. It will also extend the financial responsibility of the responsible person/s through the extended period. Only payment of accrued charges will resolve the "abandoned" status of the pet/s.
